### **An incredible journey on behalf of Hospice of Cincinnati**

Cocktail reception:  
Thursday, December 2, 2004  
Hospice of Cincinnati and  
TriHealth are cosponsoring a  
cocktail reception honoring  
Denise Hill, who  
successfully completed her  
5-½ month journey on the  
Appalachian Trail. Denise  
walked the 2,160 mile trail in  
honor of her sister, Cheryl  
Rose Walden, who died at  
the age of 44 from breast  
cancer. While nearly 3,000 hikers set out to complete the  
famed Appalachian Trail each year, less than 10% make  
it from beginning to end.

*Denise Hill will be honored  
for her inspiring journey  
across the Appalachian Trail*

The cocktail reception will be held at the TriHealth Pavilion, where Denise trained for this grueling journey with their expert staff. All are welcome to congratulate Denise and see the magnificent slides of her incredible trek through 14 states from Georgia to Maine on Thursday, December 2nd from 5PM to 7PM. Please RSVP to Ellen Malkin, 792-7932 before November 29th.

The Cheryl Rose Walden Foundation has been created by Denise to keep her sister's memory alive and support worthy community services. Hospice of Cincinnati has been selected to receive all donations in support of Denise's incredible journey. Suggested donations are based on 1, 5, 10 or 25 cents per mile to honor Denise and Cheryl.
